

NUKKAD NATAK ON - SAY NO TO SINGLE USE PLASTIC

South Eastern Railway under the aegis of its Medical Department is celebrating **Swachhata Abhiyan (Cleanliness drive)** across the Zone. We are pledged to keep our country neat and clean for which we are committed to devote our time voluntarily. We are propagating the message of “**Swachh Bharat Mission.**”

In line with the above, the HQ Medical Department in association with South Eastern Railway Bharat Scouts and Guides is continuously presenting Nukkad Natak on the theme “**Say no to single use plastic**” and also **Walkathons** to spread the awareness amongst the mass.

One such initiative took place on 05.08.2025 at around 12:30 pm in front of the New Administrative Building at Garden Reach. The programme was full of messages towards reduction of Plastic Pollution and was targeted to address the office staff and residents of the colony. PCMD/SER had directly witnessed the programme along with doctors and staff of her secretariate to make this programme a success.

More such programmes will follow in future.
