New Delhi, dt.30.05.2023

Chief Commercial Manager(FS)
 Central Railway

Sub: Charging freight on Through Distance Basis

Ref: Rates Master Circular/Freight on Through Distance
 Basis/2014/0

Please refer to CR's letter No.C/698/M/1018 dt.14.12.2022 wherein railway has sought clarification regarding reckoning of distance in case of a siding, while referring to illustration no.5 of Rates Master Circular under reference.

Policy guidelines regarding charging freight on through distance basis are prescribed vide Rates Master Circular under reference. Relevant provisions for reckoning of distance are stipulated vide Paras 4.1 and 4.2, as under-

4.1 The distance will be notified without reference to the serving station. However, while calculating the distance, the distance upto the buffer end/farthest point of the siding/exchange yard/peripheral yard should be taken into account.

4.2 Where identifiable buffer end is not available, freight charges are to be levied upto the farthest point of the yard/siding.

In view of above, reckoning of distance as per the situation mentioned by the railway will be as under-

	Situation	Calculation of distance for charging freight on through distance basis
1	Inward rake is placed on the handling lines of the siding by railway loco	The distance will be calculated upto the buffer end/farthest point of the siding.
2	Inward rake is placed in exchange yard of the siding and railway loco is reversed from the yard. Movement of rake from exchange yard to handling lines of siding is done by siding owner's loco.	The distance will be calculated upto the buffer end/farthest point of the exchange yard.

Already settled cases should not be re-opened.

This issues in consultation with Traffic Transportation directorate and with the concurrence of Finance directorate of Ministry of Railways.
