

BRIEF HISTORY OF ENGINEERING WORKSHOP

1. Engineering Workshop Sini was established in the year 1923 as Plant Depot for the repairing of Plant and Machineries of Engineering Department of Bengal Nagpur Railway.
2. From 1923 to 1955 all types of plant and machines were repaired at this workshop.
3. In 1960 fabrication of riveted type plate girder started.
4. A Finance Unit was established in the year 1987 and the Personnel Department was established in the year 1991 for the Workshop.
5. This workshop started the fabrication work of End Unloading Rake in the 2001
6. In the year 2005-2006 this workshop fabricated 665 Eq. Ton of 40'-00" and 20'-00" Plate Girder.
7. In the year 2006-2007 started the manufacturing of 30.5m Open Web Girder (Riveted Type) and also in the year 2015-16 Started manufacturing of Welded Composite Girder.
8. The fabrication Inspection Unit (FIU) was also started in the year 2019 for inspection of Bridge Girder fabricated by the trade.
9. The workshop was certified with ISO 9001:2015(QMS), ISO 14001:2015(EMS) ISO 45001:2018(OHSMS) in the year 2019.
10. In the year 2022-23 the workshop started manufacturing of Spring Setting Device and also thick Web Switch.

This workshop is capable of doing fabrication of 12.2m span and 18.3 welded and composite Girder, 20.4m and 26.8m Relieving Span, Passenger Platform Shelter, Foot Over Bridges, all types of Fittings, Glued Insulated Rail Joints, Various components for Track Machines and Spring Setting Device.
