Director Vigilance (Traffic)
Railway Board
New Delhi

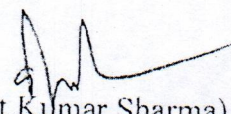

Subject : Unauthorized stacking of Coal at BRRB Siding Bargawan
station in Jabalpur Division, West Central Railway.

<<<<>>>>

During a vigilance check the case of unauthorized stacking of coal into the siding was noticed. It is also observed that on several occasions stacking of coal has been done by the party without permission and without placing any indent. In such cases there is no provision of penalty clause given in the policy of Railway Board regarding unauthorized stacking by the habitual parties and provision of levy of Higher Wharfage Charges to avoid congestion in case goods not removed within free time from major goods sheds. However, it has to also come to the notice that the due stacking charges at normal rates were collected by the division for the whole stacking period which was done without prior permission.

In view of the above, it is requested that the matter may be examined at your end and necessary guidelines may also be issued for incorporating penalties against unauthorized stacking.

This issues with the approval of SDGM&CVO/WCR.
