Please refer to FOIS letter under reference (ii) on the above-mentioned subject.

The matter has been examined in consultation with Traffic Transportation directorate of Railway Board who has advised that mentioning 'expected date of loading' at the time of indent is in tradition for POL traffic. Expected date of loading is only indicative. It helps in better planning of rakes. The conventional system of mentioning expecting date of loading at the time indenting in case of POL traffic may be continued with. Further, to state that no change is required in the existing system.
